

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims:

Claims 1-9 canceled

10. (Currently Amended) A method of manufacturing a plasma display panel comprising:
coating a paint for forming an insulating film onto a member of a plasma display panel
that comprises an inorganic material on a surface of the member, the paint comprising inorganic
fine particles (a), a binder resin (b), and a solvent (c) that forms a contact angle of less than 5°
with ~~an~~ the inorganic material of the member; and

~~firing the paint to form~~ forming an insulating film on the member from the paint.

11. (Original) A method of manufacturing a plasma display panel according to claim 10,
wherein the member is a back plate of a plasma display panel, which is provided with
address electrodes, and the insulating film serves as an address electrode protective film.

12. (Original) A method of manufacturing a plasma display panel according to claim 10,
wherein the member is a back plate of a plasma display panel and the insulating film
serves as partition walls.

13. (Original) A method of manufacturing a plasma display panel according to claim 10,
wherein the member is a front plate of a plasma display panel, which is provided with
display electrodes, and the insulating film serves as a dielectric layer.

14. (Original) A method of manufacturing a plasma display panel according to claim 10,
wherein the member is cleaned by ultraviolet cleaning before being coated with the
paint.

Claims 15-18 canceled
